

Newsletter – June 2026

Dear Parents/carers,

Healthy Living and Our Body- Our theme going into the new term is Healthy living and Our Bodies. We are going to be exploring how we can work to keep our bodies healthy through exercise and routine. Every child is going to be having a go at brushing their own teeth at nursery and going home with their very own toothbrush. We will continue to encourage handwashing with bars of soap and our handwashing song going out too.

Signs- Following the new theme we have new termly signs. Our new signs are 'wash hands', 'brush teeth', 'brother' and 'sister'. If you are unsure about how to do these signs, please do ask staff to demonstrate.

White Post Farm and On the Farm- We have had a fantastic term learning about baby animal names and making lots of farm arts and crafts. As part of the theme Creative Room and Explorer room enjoyed a trip to White Post Farm! The children were able to walk with the Wallabies, have a tractor ride through the cow field and have a yummy picnic dinner. What a fantastic time we all had. We would also like to say a big thankyou to Junior's Daddy, Ella's Nanny, Masons Nanny and Nevaeh's Mummy for joining us on the trip, you were a fantastic help!

Planting and growing- We're gardeners! The children have been exploring planting and growing this term, learning about the life cycle of different plants and how we can help them grow. Children from all rooms have been planting sunflowers, green beans and have been tending to our vegetable patch. I wonder what else we will grow. Once our sunflowers have started to grow we will be sending them home for a little competition as to see who can grow the tallest one.

Chick names- The results are in! Thankyou to everyone who voted for their favourite names for our five little chicks. After counting the votes, and counting again, our winners and the names of our lovely chicks are.... Bluey, Bingo, Muffin, Bandit and Chili!

Teddy Bears Picnic- The Creative room had some wonderful afternoon picnics with their teddy bears. Enjoying some scones and jam that they helped to bake that morning! Some teachers from schools came to join in the picnic too, observing the children and getting to know them a little better before they are due to start in

September!

Butterflies- Our butterflies are off on their adventure! The children loved watching them grow from tiny little caterpillars to cocoons and finally to butterflies. We had 6 beautiful orange and black butterflies that the children helped to release, some of them were not eager to go and stayed hanging onto our hands for a little while.

Internet Safety- We will be sending out an internet safety leaflet, to spread more awareness on how you can keep your child safe online. It is important to ensure your child is safe whilst exploring games and activities online.

Employee of the month-

Jess is our employee of the month!

She is doing great in her Level 3 qualification she's almost there. She is always there for the children and is happy to get stuck in with the Rabbit and Chicks.

Questionnaires- A big thankyou to everyone who took time to fill out and return our questionnaires. We appreciate all of the feedback. We would like to share a few lovely quotes from parents/carers that have been shared through these questionnaires:

'We are so happy with the nursery, I don't think there is anything I'd change. 'S' loves all the practitioners and gets so excited to go to nursery...Thankyou to you all for creating such a lovely environment for the children.'

'All the staff are lovely and really care for your child. You can go to work and know he is okay.'

'So pleased with how 'A' has settled in, she loves coming to nursery which is a reflection of all the brilliant staff.'

Dates for diary-

- 6th June- D-Day
- 21st June- Father's Day
- 10th July- Belton Trip (letters to follow)

Water Safety

When water is around **STAY TOGETHER**, young children should always be kept within arm's reach. Never leave your child unattended or under supervision of child siblings.

As we approach the warmer months, the Royal Life Saving Society UK is encouraging early year's settings to help share simple water safety messages with their families, as incidents sadly increase. Please see poster on our front door for more information.
