

Newsletter – November 2025

Dear Parents and Carers,

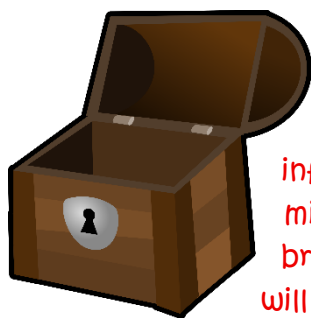

We would like to say a big welcome to Mason and Lottie who are joining our Explorer Room and Alaia who is joining our Discovery Room this month, playing with all their new friends and joining in with lots of exciting activities.

STEM (Science, Technology, Engineering and Mathematics)

- This term we are going to become scientists, with lots of experiments and building activities. From building different types of construction and hunting for shapes in the garden to making our own bubbles with science and exploring why things sink. New words of the term included “Gravity” and “buoyancy” your children are sure to learn something new and exciting.

Children in need- Children in need falls on Friday 14th November and as usual we will be doing our best to raise as much as we can. There will be a donation pot in the front lobby for the whole week, starting on Monday 10th, where anything is appreciated. There will also be cakes and biscuits for sale running for the whole week, with delicious treats made by the children at nursery. We encourage all children to come to nursery on Friday 14th with the spottiest outfit they have to show their support. You might just see some of the staff spotted up too.

Treasure Basket- The Creative Room are introducing a new show and tell treasury basket. How will it work?

Every week there will be a new theme, and we will keep you informed on the theme through Tapestry. With this theme in mind, we encourage all the children in the Creative Room to bring in one item for a show and tell. In the morning your child will put their item in the treasure basket in the front lobby ready for the show and tell that afternoon. The theme for the first week, commencing 10th November, will be ‘Something that rolls’.

Pumpkins were a big hit with the children in the run up to Halloween. We all helped to carve a pumpkin, and spoke about how the insides felt. Once it had all been scooped out we explained what it felt like, with lots of expressive words, such as ‘gooeey,’ ‘slimy’ and ‘sticky.’ We have saved some of the seeds, to hopefully grow our own next year.

Tapestry- we would like to say a big thank you to everyone who has been uploading to Tapestry to show their activities and adventures, your children have really enjoyed showing the photos to their friends at nursery. We would like to continue to encourage you to upload to Tapestry, this not only helps us with the assessments of your child but gives your child the confidence to share their experiences.

Diwali- The children had a fantastic week learning about Diwali and how it is celebrated. We read books about why different religions celebrate Diwali as well as how and even joined in with some of the traditions, such as making our very own rangoli patterns.

Dates for your diary-

- 5th November- Bonfire night
- 11th November- Remembrance Day
- 14th November- Children in need
- 14th November- King Charles Birthday
- 30th November- St Andrews Day
